Houston, TX 77002

Dear Mr. Kelly:

On August 23, 1990 we inspected your recent reclamation work at the Fry Point mine site located on the White Canyon and Saddle mining claims. Mining operations at the site were conducted under a Notice of Intent filed with this office in 1985. The reclamation is found to be consistent with the work agreed upon at our May 30, 1990 meeting with Mr. Dale Lyman. Accordingly, we have determined that you have met the requirements of 43 CFR 3809.1-3(d).

We Appreciate the cooperation of Total Minerals Corporation and Mr. Lyman in this matter. If you have questions, please contact Ted McDougall at (801) 587-2141.

Sincerely yours,

Area Manager
